AGENTIC MULTILINGUAL NEWSROOM & CIVIC DECODER

Kaleva Tasku: Visuaalinen Uutispalvelu ja Arjen Tulkki

Bridging 125 years of Kaleva's trusted journalism with zero-translation situational ergonomics and 30-second arctic audio for Northern Finland's international population.

Oulu's International Community is Cut Off in Crises

5,000+ university students, Nokia engineers, and seasonal workers live in an information vacuum.

❄️ 🚨

1. Hazard Isolation

When transit halts at –25°C or police seal off central hubs, non-Finnish speakers cannot read regional broadsheets. Vital warnings never reach them.

🌐 ❌

2. Raw Translation Fails

Google Translate translates words, not civic reality. Critical terms like *Baana*, *Pääkallokeli*, *PSOAS*, and *Kela* lose all life-safety and legal context.

📱 ⚠️

3. WhatsApp Panic & Churn

Locked out by traditional paywalls, foreigners retreat to unverified WhatsApp groups and Jodel, where rumors and scams spread unchecked.

💡 **The Mandate: Deliver verified, life-critical civic facts in < 2 seconds without language barriers, while upholding 125 years of Kaleva's editorial integrity.**

The Tasku Card: Engineered for Arctic Speed

Every element is designed for immediate comprehension on sub-zero streets.

Production Card: Monochromatic Line Art • Korva Audio (30s) • Orange Masthead

1. Orange Newsroom Masthead («La 24.10.2026»)

VERIFIED STAMP

Anchors every card in 125 years of Kaleva's trusted heritage. Institutional trust that users and employers rely on.

2. Korva 30s Arctic Audio Pill («(30s)»)

HANDS-FREE SAFETY

At –20°C, bare fingers freeze in 40 seconds. A single tap streams a crisp 30-second audio brief directly to earbuds so gloves stay on.

3. Monochromatic Line-Art Diagram

ZERO TRANSLATION

Häiriö (Incident) ➔ Salad-Green Arrow ➔ Toimintaohje (Solution). Clean vector art eliminates confusing emojis. Comprehension in <2s.

4. Live Civic Action Relays

REAL-TIME ACTION

1-click live buttons for Fintraffic Kaakkuri bypass, Police 112 incident clearance, and OSL Baana winter cycling route status.

The Dual-Engine: Tasku + Broadsheet 1899

Never dumbing down journalism: instant visual ergonomics for mobile, authentic depth on click.

Engine 1: Mobile Tasku

ZERO-TRANSLATION UX

Rapid Situational Awareness (<2s)

Decodes severe weather, road collisions, and transit delays for fast everyday survival.

Engine 2: Broadsheet 1899

JSN § 10 CERTIFIED

Full Editorial Journalism

One tap on any headline opens authentic investigative journalism, bylines, and JSN ethics accreditation.

The 3-Agent Pipeline + Human Cockpit

Automated multi-agent synthesis guarded by human editors and Finnish JSN standards.

Agent 1: Ingest & Triage

Monitors incoming Kaleva wires, police reports, and OSL transit feeds. Automatically scrubs personal data (GDPR) and clusters events by district.

Agent 2: Ergonomic Synthesizer

Distills complex reports into high-contrast line-art diagrams, plain language summaries, and 30-second Korva spoken audio scripts.

Agent 3: JSN Ethics Auditor

Calculates verification trust score (+40% police match, +35% geotagged witnesses). Enforces Finnish Council for Mass Media (§ 10 & § 20) compliance.

HUMAN-IN-THE-LOOP COCKPIT

Kaleva desk editors maintain full sovereignty: 1-click approval, real-time diff inspect, or instant recall. Zero unverified AI publishing.

100% EDITORIAL SOVEREIGNTY

B2B Institutional SaaS: €114,000 Annual Revenue

We do not burden low-income students. Institutions with a duty of care pay the license.

Institutional Client	Primary Value Driver	Annual ARR
University of Oulu & OAMK	Student retention & sub-zero duty-of-care alerts	€35 000
Nokia & Oulu ICT Tech Hub	Corporate expat onboarding via Slack/Teams bot	€25 000
City of Oulu & Oulu 2026	Capital of Culture civic guide for 300,000 visitors	€40 000
Lapland Tourism Consortia	Seasonal worker winter safety in Levi & Ruka	€14 000
TOTAL ANNUAL CONTRACTS	**Prepaid Institutional B2B ARR**	**€114 000**

Lean Annual Costs: €18 240 / yr

- LLM APIs (Gemini Flash / OpenAI): €2 640
- JSN Student Fact-Checker Pool: €14 400
- Hosting & Audio CDN Relays: €1 200

UNIT ECONOMICS & BREAKEVEN

84.0% Gross Margin

A single contract (University of Oulu @ €35k) achieves full operational breakeven with €16,760 net profit on Day 1.

Ready for Oulu 2026: Connecting Everyone

Production-ready code grounded in northern culture and scalable across the Nordics.

PHASE 1: 2026

Oulu 2026 Deployment

Official civic safety & cultural companion for the European Capital of Culture kickoff. Guarantees no international visitor or student is left in the dark.

PHASE 2: 2027

Northern Finland Expansion

Expansion into Lapland, Rovaniemi, and Kainuu. Scaling seasonal worker safety and winter tourism guidance to €245,000 ARR.

Phase 3: 2028

Pan-Nordic Syndication

White-labeling the Tasku Civic Engine to other regional Nordic publishers (Keskisuomalainen, TS-Yhtymä), scaling to €560,000 ARR.

«News for Everyone» isn't just about language — it's about civic safety and belonging.

Kaleva Tasku makes Northern Finland's cold winters warm, safe, and navigable for all residents.
